yuyu HEALTHCARE

Who we are

A Heathy future and a Good Life

Asia's Leading Manufacturer of Health Supplement

Provide ODM/OEM[1] Service with our technology and know-how

One-stop Service in Health supplement manufacturing

Customer Satisfaction with quick response and high-quality products

1) ODM: Original Development & Design Manufacturing , OEM: Original Equipment Manufacturing

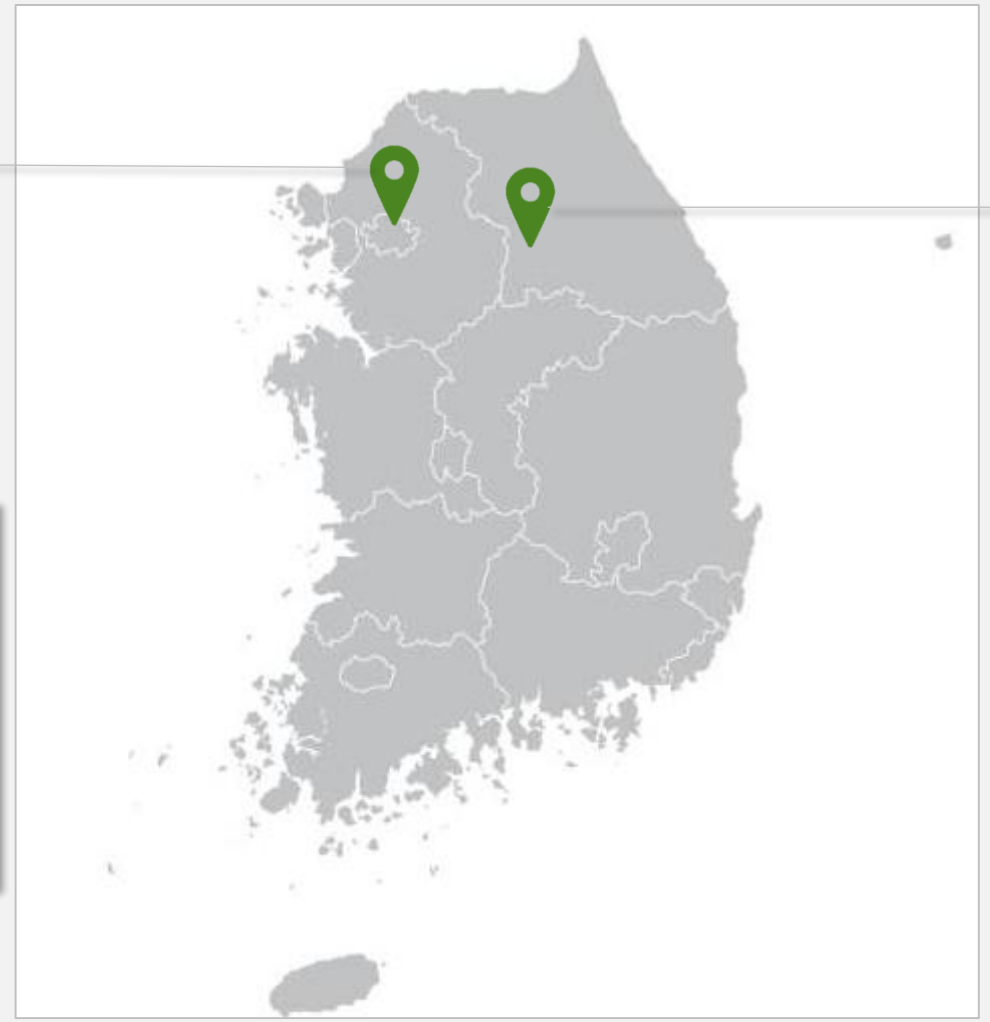

Our Presence

Locations

Seoul Office, Korea

- Sales and Business Development Team

Hoengseong Plant 1, Korea

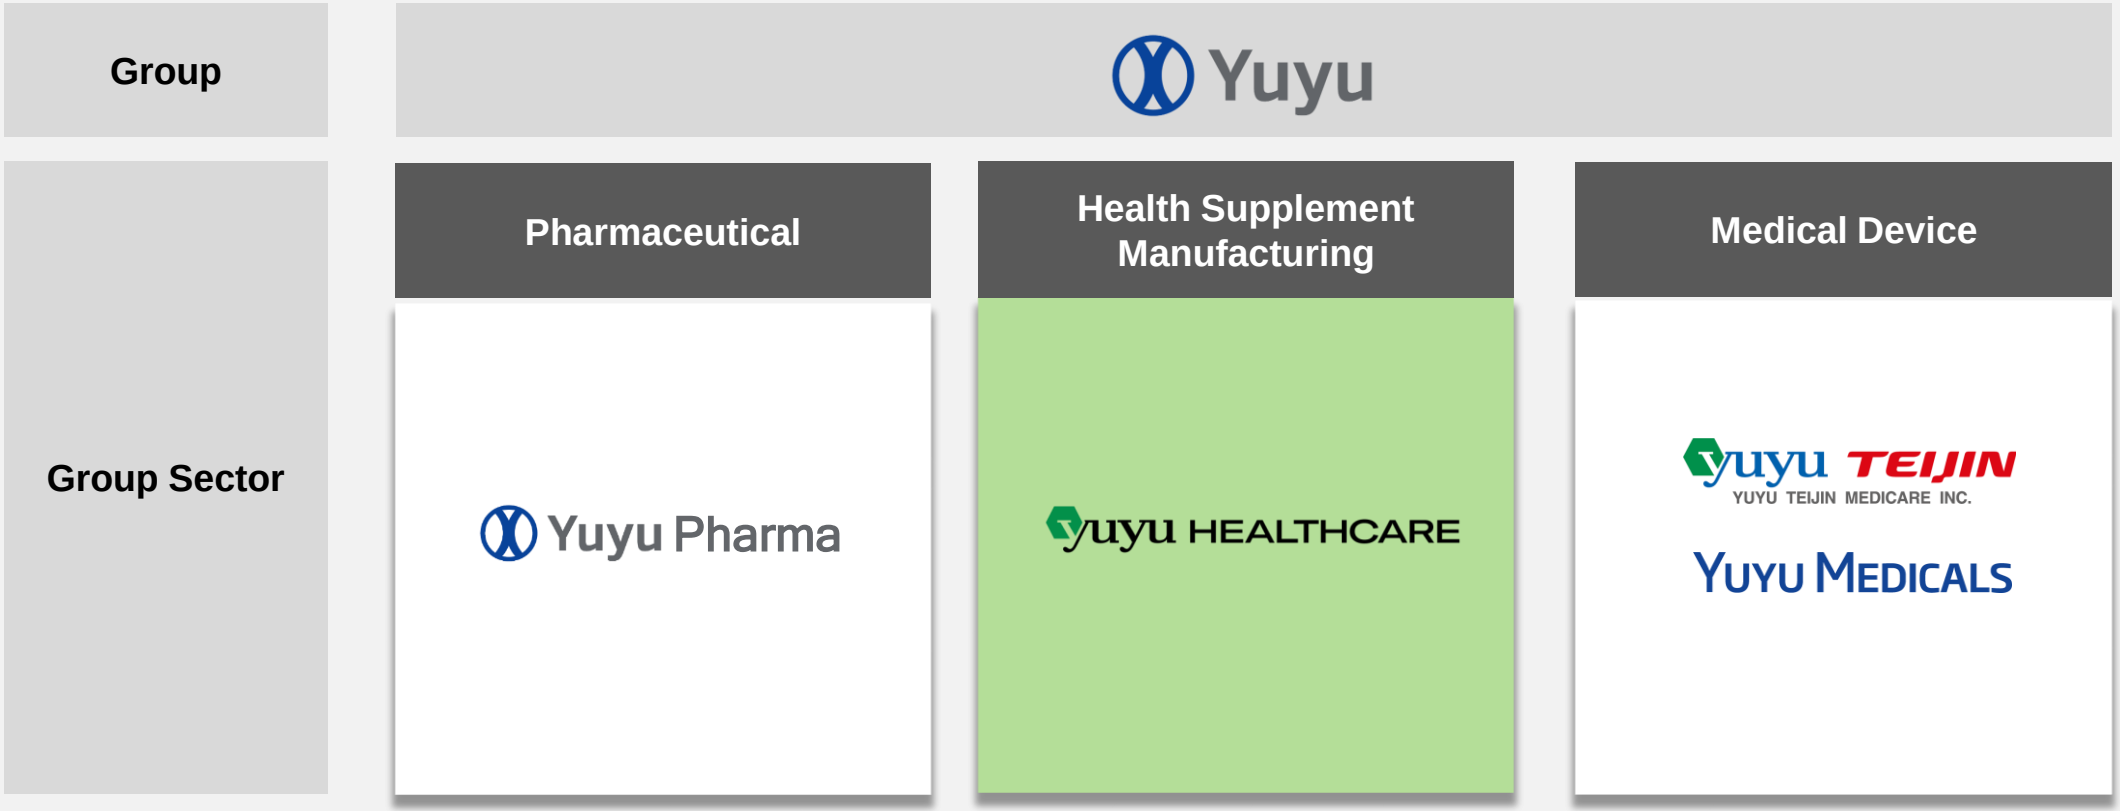

- Head office, R&D Center, solid dosage manufacturing site

Hoengseong Plant 2, Korea

- Expansion for Liquid and Soft capsule manufacturing

Yuyu Group

Over 80 years of total healthcare group since 1941

Our Strength

Create value with high standard and long-term relationship

1

Provide Pharmaceutical Standard

- Yuyu Pharma CEO and senior management working as advisory

2

Pursue Long-term Partnership

- Based on manufacturing expertise we are serving more than 230 customers
- 10% of customers under long-term contract (10yrs)

3

Manufacturing know-how

- No-additives
- Natural pigments flavor coating
- Extended-Release Formulation
- Coating technology for easy to swallow experience

Product Portfolio

Customized formulation options

Types	 **Tablet**	 **Mini Tablet**	 **Hard Capsule**	 **Soft Capsule**	 **Powder**	 **Granule**	 **Pill**	 **Liquid**	 **Jelly**
MOQ	**400,000 Tablets** 200 – 1,700mg	**100,000 Tablets** 50 – 1,000mg	**400,000 Capsules** 200 – 1,700mg	**300,000 Capsules** 500 – 1,000mg	**1,000 kg** 1,000 – 20,000mg	**240,000 Sticks** 2,000 – 6,000mg	**500 kg** 50 – 80mg	**300,000 Sticks** 10 – 70ml	**300,000 Sticks** 15,000 – 20,000mg
Feature	▪ Wide range of formulation types and sizes ▪ Chewable tablet, Animal shaped tablet available ▪ Water-based coating with natural dye and vegetable pigment ▪ Excipient-free (no silicon dioxide, magnesium stearate, HPMC, etc.)								

Product Portfolio

Various formulations

Tablet
(Mini tablet available)

400 ~ 600mg | 500~800mg | 700~1,400mg | 800~1,500mg

Chewable Tablet

200~2,200mg | 800~1,400mg | 800~1,400mg | 800~1,400mg | 800~1,400mg

Hard Capsule

No. 1, No.0, No.00 | Enteric coating

Soft Capsule

155mg | 300mg | 500mg | 800mg | 900~1,000mg

Powder
1,000 ~ 20,000mg

Granule
2,000 ~ 6,000mg

Jelly
15~20g

Liquid
10~70ml

50 ~ 80mg

Pill
3~ 5 Φ, 15.5~16.5 Φ

Packaging Portfolio

Customoized packaging options

Types	 **Bottle**  **Stick**  **PTP**  **Multipack**  **Lamination**  **Pouch**  **Pillow**
Feature	• Sufficient packaging capacity • Dedicated molds manufacturing according to customer’s request • Customized private labeling • Using eco-friendly materials • Flexible lead time to meet customer’s needs

Integrated Manufacturing Plant

Brand-new facility and expansion for sustainable growth

Plant 1

- Head Office
- Core production: **tablet, hard capsule and powder**
- Site area of of **6,024㎡ (Total area: 19,922㎡)**
- Production capacity upgraded to 40mil$ sales revenue
- Expanded tablet, packaging and utility facilities in 2025
- ERP / FSSC 22000 certified system

Plant 2

- R&D Center
- Core production: **liquid, Jelly and soft capsule**
- Site area of **7,061.01㎡**
- Planned capacity of up to 20mil$ sales revenue
- Certification and commercial production in preparation

Quality Management

Monitoring the whole process with advanced equipment

Receiving Raw-materials → **Semi-finished goods** → **Finished goods**

Functional / Hazardous test of Raw-materials

- **Automatic Sorting System**
- **Check weigher**
- **Metal detection system**
- **X-ray inspection**

Functional / Hazardous test of Finished goods (In-house)

Certifications

Distributing reliable, high-quality supported

R&D Capability

Innovative ingredient & formulation

Future Plan

- Continuously research of active natural ingredients
  - **Immune healt, Hair health, Fat Reduction, Muscle health, Height growth, Vascular health**

Recent Achievement

- **Germinated Black Rice** originating for hair health – Patent registered (10-2022-0024060)
- ***Eucommia Ulmoides E*xtract** for preventing diseases related to muscle loss – Technology transferred and Patent registered(10-2014-0054193)
- 2 patents registered for Immune enhancement effects of a ***Black Radish E*xtract** (*Raphanus sativus* L.) **and *Zanthoxylum Piperitum E*xtract** (10-2022-0158262, 10-2022-0158263)
- Patent Application for a Hair Loss Prevention Composition Containing **Germinated Black Rice and a Cynanchum wilfordii Complex Extract** (10-2023-0109336)
- Development of new products through research on various material and formulations (Floating bead granulation, Long-acting [slow dissolving] tablets)

R&D Capability

Formulation development

Mini Tablet

- Easier swallowing with small size(4mm)
- Flexible and precise dosing
- Improved user experience

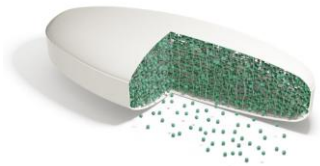

Specialized in Fluid-bed Granulation

- Instant solubility
- Improvement of taste and mouthfeel
- Beadlet formulation development

Extended-release Tablet

- Development of sustained-release tablets such as vitamin C and B
- Stability test (Vitamin C 1000mg/12hr-24hr)

Shelf Life Determination

- Standard component analysis and method validation
- Stability evaluation and testing
